

The story of **ECHO** Prestress

THE PIONEERS

We have demonstrated versatility, quality and confidence in using a high quality, safe and economical method of construction in hundreds of projects. The fact that we provide an overall floor or wall solution has secured many diverse projects.

A COMPLETE SERVICE

Our hollow-core products are designed, manufactured and installed by us is part of our commitment to providing economical concrete floors and wall solutions. An engineer's certificate is issued for each and every project. The certificate is for the floors, beams and stairs supplied by Echo.

Creating the perfect solution is key.
